PROFILE SUMMARY

Aspiring Web Developer with MERN stack training and practical experience in building responsive full-stack applications. Skilled in HTML, CSS, JavaScript, React, Node.js, and MongoDB through hands-on projects. Eager to apply problem-solving skills and contribute to innovative web development projects.

EXPERIENCE

Luminar Technolab

Jun 2025 – Jan 2026

MERN Development Trainee

Kakkanad

- Built and deployed full-stack web applications using the MERN stack, implementing reusable React components and RESTful APIs with Node.js and Express.js.
- Managed MongoDB databases for efficient data storage, retrieval, and handling across multiple project modules.
- Collaborated on real-time projects, improving problem-solving skills and contributing to agile development workflows.

CD Business Solutions

Apr 2026 – May 2026

Web Development Intern

- Developed and maintained responsive web pages based on client requirements.
- Coordinated with team members to identify and resolve website issues, improving overall site performance.

PROJECTS

Gym Management System (MERN)

- Developed a full-stack Gym Management System using React, Node.js, Express.js, and MongoDB to digitize and streamline gym operations including member registration, trainer assignment, and attendance tracking.
- Engineered full-stack functionalities to manage gym members, trainers, and administrative operations.
- Integrated Stripe payment gateway for secure online membership payments and auto-generated PDF reports for diet and workout plans using jsPDF.

Online Book Store (MERN)

- Built a full-stack Online Book Store using the MERN stack, enabling users to browse, buy, and sell books.
- Integrated Stripe payment gateway for secure multi-user transactions.
- Implemented category-based search and filtering with user and admin role separation.
- Developed RESTful APIs to handle book listings, order processing, and user authentication with JWT-based security.

Blog Web App (React)

- Built a Blog Platform using React with full CRUD functionality for managing posts.
- Implemented category-based filtering to display posts dynamically.
- Designed a responsive UI ensuring consistent experience across all devices.

EDUCATION

Bachelor of Computer Applications (BCA)

2022 – 2025

MES T O Abdulla Memorial College

Kunnakara

SKILLS

Frontend : HTML, CSS, Bootstrap, Tailwind CSS, JavaScript (ES6+), React

Backend & Database : Node.js, MongoDB, REST APIs

Tools : Git, GitHub, VS Code, Figma

CERTIFICATIONS

JavaScript (5-Day Workshop) – Code Easy Academy
