PROFILE SUMMARY

Aspiring Web Developer with MERN stack training and practical experience in building responsive full-stack applications. Skilled in HTML, CSS, JavaScript, React, Node.js, and MongoDB through hands-on projects. Eager to apply problem-solving skills and contribute to innovative web development projects.

WORK EXPERIENCE

Luminar Technolab

MERN Development Trainee

Jun 2025 – Jan 2026

Kakkanad

- Developed responsive full-stack applications using MERN stack technologies.
- Built reusable React components and REST APIs using Node.js and Express.js.
- Worked with MongoDB for database management and data handling.
- Collaborated on real-time projects to improve problem-solving and development skills.

CD Business Solutions

Web Development Intern

Apr 2025 – May 2025

- Worked on website management and development tasks.
- Updated and maintained web pages based on client requirements.
- Collaborated with team members to fix website issues and improve functionality.

PROJECTS

Gym Management System (MERN)

- Developed a comprehensive Gym Management System using React, Node.js, Express.js and MongoDB.
- Engineered full-stack functionalities to manage gym members, trainers, and administrative operations.
- Implemented membership management, attendance tracking, and personalized plans.
- Integrated Stripe payment gateway for secure online payments.
- Implemented PDF generation using jsPDF for diet and workout plans.

Online Book Store (MERN)

- Built a full-stack Online Book Store using MERN for buying and selling books.
- Implemented category-based search and filtering for easy book discovery.
- Designed user and admin roles for managing books and orders.
- Integrated Stripe payment gateway for secure transactions.
- Managed MongoDB schemas and operations for book and order data.

Blog Web App (React)

- Built a Blog Web application using React with full CRUD functionality.
- Implemented category-based filtering to display posts dynamically.
- Used React state management for real-time UI updates.

SKILLS

Frontend: HTML, CSS, Bootstrap, Tailwind CSS, JavaScript (ES6+), React

Backend & Database: Node.js, MongoDB, REST APIs

Tools: Git, GitHub, VS Code, Figma

EDUCATION

MES T O Abdulla Memorial College

Bachelor of Computer Applications (BCA)

Kunnukara

CERTIFICATIONS

JavaScript (5-Day Workshop) - Code Easy Academy
